

GOKARAJU RANGARAJU

Institute of Engineering and Technology

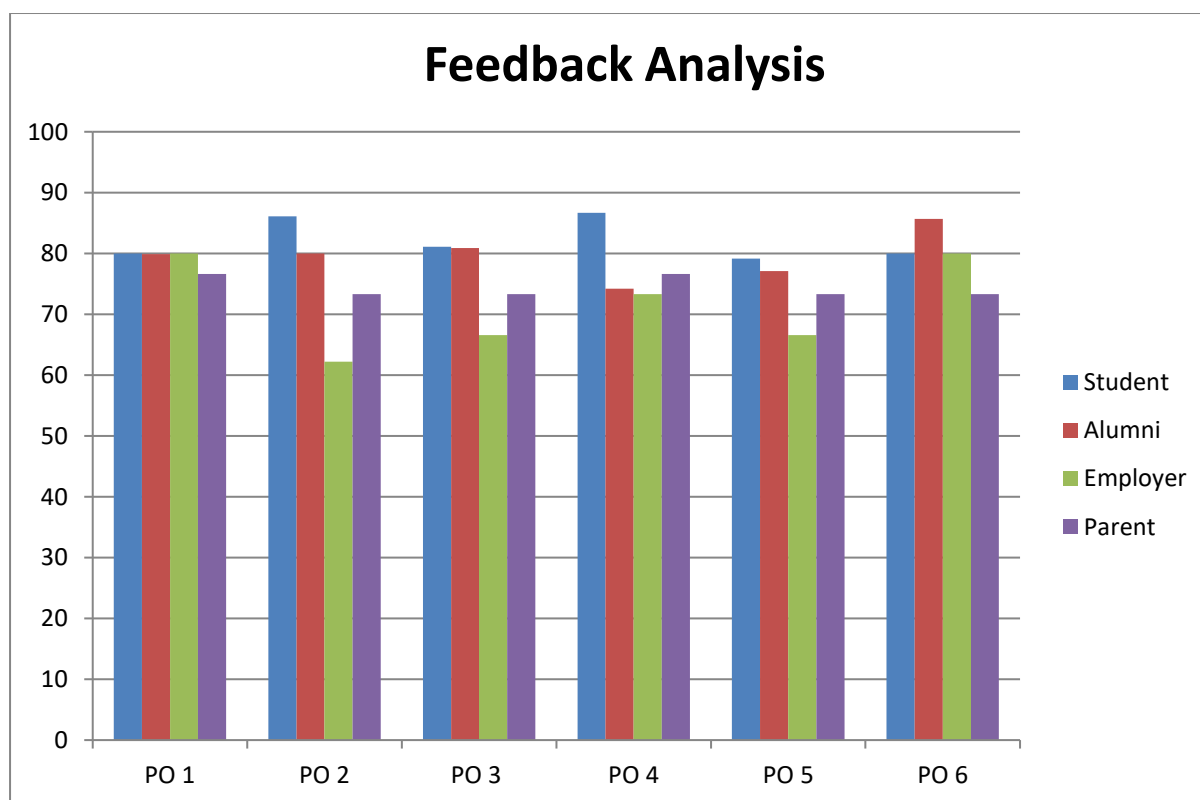

(Autonomous)

Department of Mechanical Engineering

M.Tech DFM (2019-21) Survey Report

An overview of the feedback analysis. The following is the feedback collected from Students, Alumni, Employer and Parents and is analysed

PO'S	Programme Outcome(PO) Attainment Percentage			
	Student	Alumni	Employer	Parent
1	80	79.9	80	76.6
2	86.11	80	62.2	73.3
3	81.11	80.9	66.6	73.3
4	86.67	74.2	73.3	76.6
5	79.16	77.1	66.6	73.3
6	80	85.7	80	73.3

Based on the analysis of the feedback, it was identified that there is an opportunity for the continuous improvement.

- ICT based communication has been implemented but there is a scope for further improvement
- Even though Placement trainings are provided, there is always a scope of improvement in this area
- Use of e-learning sources in classroom to communicate effectively
- Motivate the students to use latest software tools and equipment that are available in the department effectively
- Improve the number of Seminars, Workshops etc in the department
- Improve the quality of teaching
- Improve the interactions with the outside world and to encourage the students to take part in national level events and workshops
- Regular assessment and improvement process may include innovation, internship, field visits, workshops, seminars, CRT classes etc
- There is a scope for improvement of infrastructure and lab facilities in the department
- There has been a continuous demand for improvement in sports and medical facilities which has been looked out for in the near future.
