

Spices'15 is again back with its new face, which is not only a competition of culinary skills and delightful taste, but also a mixture of nutrient values, flavours, colours, textures and aromas.

This time the Department of Mechanical Engineering has taken responsibility of organizing the event to showcase individual (either student or teacher) culinary skills which is held on **09th October 2015**.

Spices'15

Nearly 100 participants (including students & faculty) have joined hands together to make this event a huge success. Around 20 teams have showcased the recipe, which have been prepared on spot in a given stipulated time. The participation of students and faculty from various departments is really appreciable.
